Facility Identification Number: 60154
Special Temporary Authorization (STA)
BESTA-20191022AAL

Dear Ms. Brown:

This is in reference to the request filed on October 22, 2019. VMMG requests an extension of the STA granted on September 24, 2013, to continue operating using the existing WECK tower specified in the pending application BP-20190422AAV.¹ In support of the request, we noted that the application has been placed on hold due to an unresolved red light fee problem.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and VMMG may continue to operate daytime-only with a maximum of 1 kW using the existing WECK tower. VMMG must use whatever means are necessary to protect workers and the public from

¹ WUFO(AM) is licensed for ND daytime-only operation on 1080 kHz with 1 kW, and BP-20190422AAV proposes a 1 kW ND daytime-only facility using the WECK tower.

exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310.

This authority expires on **April 22, 2020**.
